## SAVES TIME *and* MONEY

SCHEDULES AND RATES  
AIR MAIL SERVICES

*Published by the authority of the Postmaster General*

EFFECTIVE MARCH, 1939

# AIR MAIL

## *Night and Day*

*facilitates commercial and social intercourse  
throughout Canada and the world.*

---

Canada's vast distances are diminishing rapidly as modern airplanes fly back and forth, east and west and into the far reaches of the north, to land's end on the very borders of the Arctic. The mails have taken wings. Speeding across the continent at more than three miles a minute, they bring the far-flung communities within a few hours of each other.

Air Mail letters do not have to be posted in a special letter box but may be dropped in the same receptacle as ordinary letters.

Special Air Mail envelopes and Air Mail postage stamps are not required—simply mark your envelope "Via Air Mail" and affix ordinary postage stamps at Air Mail rate—only 3c. more. However, special Air Mail envelopes with red and blue border and Air Mail postage stamps add distinction and increase the "attention" value of your mail.

Parcels may be sent by Air Mail at Air Mail letter rate.

Air Mail may be sent Registered, Insured and C.O.D. by adding regular postage charges.

Use Special Delivery Service for additional speed—immediate delivery at destination including Saturday afternoons, Sundays and holidays—reduced Special Delivery fee—10c.

FOR RATES OF POSTAGE SEE PAGE 2.

For closing time of Air Mail Service and any further particulars, please enquire at local Post Office.
